

The icing on the H:

Rounding off complete systems with pre-installed mini PCs!

Pre-installed mini PCs with special fittings that enable immediate use for presentation are now available as an optional extra with all members of the **HoloPresenter family**.

HoloPresenter^{mobil}, **HoloPresenter 40"** or **HoloTerminal** – the Dual2 Core PC (dimensions: W 166 x H 48 x D 157 mm) is preinstalled with Windows XP and the necessary system drivers. The PC fitting is adapted in each case and protects the computer from damage and theft.

There are additional variations of equipment available depending on requirements: CD/DVD drive, TV tuner or WLAN.

Please talk to us – we are looking forward to hearing from you!

HoloPro™ drives Hyundai

At the Automech Car Show, from 6 – 11 June in Cairo, **HoloPro™** thrilled customers and contractors alike. A 50" **HoloPro™** screen floated above a Hyundai prototype and presented an eye-catching display of the new highlights from Hyundai. This installation drew great attention to the 1300 m² stand – the biggest at the entire fair. This wonderful application was installed by our partner Ahmed Gamal in Egypt, who also has more superb fair projects in the pipeline. Watch this space!

HoloPro™ Fair calendar – invitation to Viscom in Düsseldorf

Viscom, the international specialist fair for visual communications in Düsseldorf, is open from 20 - 22 September.

The field of digital signage is a central theme of the visual communications fair. G+B pronova GmbH will be presenting a wide range of products involving digital signage at the fair. These include the already well-known **HoloPresenter^{retail}**, an interactive **HoloPro™** with i-PrOS® Touch and powerful software solutions. There are also new attractive packages consisting of **HoloPro™**, mini-PC and software. Under the slogan "**HoloPro™ HELLO!**", pronova GmbH will be showing how **HoloPresenter** and an adapted software solution can be used to create attractive displays to welcome visitors.

See for yourself – we look forward to seeing you at our stand!

Should Viscom not be on your list of fairs to visit, here is an overview of where we will be in the next half year:

Viscom, Düsseldorf, 20 - 22 September 2007

exponatec, Cologne, 31 October - 3 November 2007

ISE, Amsterdam, 29 - 31 January 2008

EuroShop, Düsseldorf, 23 - 27 February 2008

Light & Building, Frankfurt, 6 - 12 April 2008
